“ My sincere and heartfelt sympathy go out to Agnes' family and loved ones. I was deeply saddened to learn of Agnes' passing. Agnes and I were high school friends, with our group of Janet & Nancy, Agnes, Donna, Marianne and myself. I was so happy to reconnect with her via facebook.

I always enjoyed Agnes' wonderful sense of humor, creativity and her wonderful way of looking at everything from a different perspective that I would not have considered. I could always depend on Agnes to be genuine. She was truly a joyful soul with a beautiful open mind.

I will miss keeping in touch with Agnes and enjoying her humor, comments and pictures. I am sorry that our lives are a bit dimmer now that her light is no longer shining here with us but I know that heaven has a new angel with a beautiful bright light.

“ On behalf of Aggie's high school classmates, I send our love and prayers to Laura, Angela, and the entire family on her passing. Agnes was very special to all of us. Her smile lit up a room! She was sweet, unassuming, and would come out with the best one liners that would crack you up! There now is an empty spot in our hearts... but, in our hearts our love for our friend will always be. Lockport Township High School, classmates from 1969!!! Love you Aggie!!!! XOXOXO

“ There are people who enter our lives at various times who bring a sense of great joy and delight. Agnes certainly was one of them! When Agnes moved into our neighborhood, she instantly became a friend to many of us. Her smile, laughter, sense of humor, loyalty and kindness was infectious.

Life will be very different without Agnes' winsome ways and her delightful smile. This world was gifted with Agnes who made life a joy for many. My heartfelt condolences to Aggie's family and friends.

“ The time we spent together during high school was always full of laughter and silliness that only girlfriends can share. Agnes was always ready and willing to join in on whatever we decided to do for that day, or night. I remember Agnes driving and all of us gathered up our quarters to help put enough gas in her car to drive around! I also remember her batting her beautiful eyes at the policeman who ended of giving her just a warning instead of a ticket!

She was a part of our group and I'll always be thankful for this very special time we spent together! I'll always remember her beautiful smile and her artwork with a smile on my face!
