“ My sister Lorraine was one of my dearest trusting best friend. When growing up, she was always the lady of the house. She loved being with Mom, cooking, keeping the house neat and tidy. While I was a Tom boy, playing sports with my brothers, or doing the outside chores on our small little farm. I remember going out with her and her friends when I was not of socializing age and having a blast with her friends. She would ride to work with me as o different establishments, and sometimes we were late, and to no fault, she would get furious with me. But at the end of the day, all was forgiven. Then after all of that, she met the love of her life, Herb. Oh how she I loved him with all her heart and soul. The were sincerely meant for one another. So perfect

together. She loved being a d dedicated wife and Mom. Her children and soul mate were her completed life. I cannot say enough about my sister, how much she meant to me. Sometimes we lose tract of the most important things in life, like spending more time with the ones we love, I wish I would of spent more time with her, but I cherish the time I did have with Lori. My heart aches right now. But I will forever have the memories and take them with me forever. Until we meet again my sweet sister, just know I love you,,and you will forever be my big sister in heaven looking down at me, telling me to be me and do the right thing. Sincerely, your sister Barbie

“ I want to send my love and thoughts to Uncle Herb and family. I cannot begin to say how special Aunt Lorraine was to me. Aunt Lorraine was one of my favorite Aunts and I loved spending time with her. She would always lend an ear when you needed to talk. She was a kind, forgiving, funny and loving person. She adored her boys, daughter in laws and grandchildren more than anything. The world was a better place because of her!! May God bless her and her family!
