“ *Ashley and my daughter Morgan were best friends all during their school years. Those two girls were always together, time at school, spending the nights at each others homes, they even both had a cabin on Newman Lake and spent summers together. Ashley came with us to Missouri when our son played college football there, she was like one of our kids. I will always remember those years, I can still hear them giggle and act silly together, their smiles and happy times. These are the memories I have of Ashley, her school years. Even after she graduated she would run up to me and give me a big hug and ask me how I was doing. She was a special little girl to me, I will cherish the memories that I have of her. May she rest in peace.*

I will never, ever forget the great times that we shared!! A lot of giggles between you, me and your sisters, and great times at the lake. I will see you again!!
