“ *I have known Bobbie for 50 years. We always got along. She was very dedicated to her children & worked hard, under the circumstances to send them to school presentable. In a small town, it was easy to be criticized, but if anyone did, they were wrong. Bobbie had a big heart and treated her children with love. Bobbie helped me in knowing how to take care of my first baby, I could call her in the middle of the night to ask how to sooth a colic baby. God blessed her with many grandchildren & great grandchildren which she loved and they will miss her.*
