“ *What a great lady to leave us! I will miss her smiling face and chats we had over the years. From when their family first moved up here and ran their establishment where I first met them, and what fun times there were getting to meet their family, many of which I still have contact with, and then working with Betty at the hospital when she was secretary to Harry Geller, and then into her retirement.....All I can simply say is: What a super great lady to have known!!!! My sympathy and thoughts to the entire Charleston/Hall family during this time of special remembrance of Betty.*
