“ *When I think of Aunt Fern I think of music and laughter because she had such a way of making others happy. And great memories of staying at your house in the summertime, "helping" with chores and sitting around afterwards; often she would get out the guitar or accordion and we'd sing along. In later years it was sitting around the kitchen table talking silly and laughing. Her light burned bright and her heart was so big. I will miss this sweet lady in my life. My condolences to you all.*
