“ My heart broke when I heard Greg had passed. I met Greg when I drove for Pathways Transport. He was such an easy-going guy and, yes, he truly had a great sense of humor. We had many long conversations on the drives to and from his treatments, many of his grandma’s cooking and the days in the woods cleaning up after a storm that came through at Copper Falls State Park. His birthday was two days after mine and one year I made him his favorite cookies, peanut butter. He really appreciated the gift! I really appreciated getting to know Greg. My deepest condolences to the Lindquist family and his friends.

Thank you for your memory. I'm Greg's niece. Please don't tell me that he told you the story about his niece eating flies?
