“ Rest in peace Kathy. It's been a lot of years since we've visited but you and your family were never far from my mind. I still remember when you, Bob, and Binky came to the U.P. with my parents when I lived in Calumet, MI. We had a lot of fun on that trip. You will be missed.

“ My deepest sympathies to the family. I enjoyed talking to Kathleen when I would walk home from work in the evening. A woman with a lovely smile and a positive attitude. She enjoyed her glassware and inform me of a couple pieces glassware that I have what they are worth. She enjoyed the glads I would bring her which she share with others.

When the Lord calls our loved ones home, he leaves a gift of memories in exchange. May the Lord give you comfort and strength during this difficult time.

“ I was sorry to hear of your loss; I have many fond memories of Toots. I could talk to her about anything; life, love, and she always had great advise, sometimes it was not what I wanted to hear but I respected it non the less. She always welcomed me with open arms. She was a loving soul. I remember her love of glassware and she use to show me her collection, I remember helping her with a sale once and her telling me where she picked up each piece. One regret is not staying in touch with her over the years. I hope she is at peace and I know she is looking over her boy who she loved so much. Sending my prayers and love to you during this difficult time!!

“ Mom..I already miss you so much. I think back to when I was little and I would wait for dad to come home from lunch at noon..you would grab the dish cloth and sneak up behind me and rub that nasty thing on my face just to make me yell....you would turn up the noon Polka show and grab me and make me polka with you in the kitchen..I pretended I hated it. I loved growing up with you as my mom...ALL the garage sales..flea markets and trips we had...walking through the flea market in Florida with Christmas wreaths selling them..laughing the whole time. How every kid in the neighborhood called our house home...it was the best childhood ever. I know I put you through a lot later in life and I cant apologize enough,,,spending the last month with you as you got weaker yet able to share so much love and peace with you was healing for us both. I hope you will look down on me with love and guidance as I move closer to the end of my life. I still need my Mom and I will always be your Binky. I hope all your friends and family were there to meet you !! I hope you can breath and see and your hands are free from arthritis. I hope you and your friends are drinking coffee at a big table admiring some new piece of glassware....I hope you are happy and at Peace. Until I see you again Mommy..I love you..Binky
