“ *Linda trained me at Jacobus Energy. We were close. I still spoke and texted with her. I am so sorry for your loss. I will remember her always. She called me her prodigy child. We also shared the same birthday except me 1980 and her 1960. I used to text her on the 8th of every month to let her know how many months our birthday was away. She beat me to it one month. I am so sorry for your loss especially to her parents. No parent should have to bury their child.*

“ So sorry for your loss. I will always treasure the high school memories and sleep overs! Driving around town in the Volkswagen with her/raiding the Romance novels from the book shelves and staying up all hours reading! My sincere sympathies to all of you.
