“Dad you and I have had a special bond forever, even in the later years when we seemed to have grown apart! I knew I was always in your heart as you were in mine! You will forever be "My Sonny" and I your "Putts"!

*I have many memories of you some funny, some good, some not so good but most of all memories of a man who was hard working! A friend to all, would help out anyone! The man who taught me to drive a tractor and was very patient when I let the clutch out to fast! I was your right hand girl when it came to putting on a roof or fixing one of moms newest house remodeling! You showed me how to fix damn near anything! Through our years we had many ups, downs and just plain craziness but now is time for us to come together and respect the man who loved so hard he ached! The man who no matter what loved us the best way he knew how! Love u Dad!
Forever your Putts!*
