“ Back in 2015 I was a new graduate RN and started at Langlade memorial hospital. Lynn was a seasoned, knowledgeable and compassionate nurse. She had a sly way of projecting her humor. I'll never forget how she accepted me and was super kind to me. When she left I was sad. I will always cherish our friendship. I hope she is extremely happy now in heaven with her other son she missed so terribly. She definitely left her mark on earth. The patients she helped I'm sure will never forget her kindness. God Bless you Lynn and your family. I'll see in heaven. Love Carl Bloechl.

“ Oh, Lynnie! I met you when I started at FMC - back when it was a fun, satisfying place to be! You were always so nice to me as a 'newbie' and we continued to work & play well together until circumstances forced us to part ways. I totally enjoyed seeing you at the 'Old Timers' dinners & sharing stories. You were compassionate, caring, professional & didn't take any baloney from anyone! You were always so strong for others, despite your own unimaginable heartache. RIP, honey! Give Diane and Joshua an extra hug for me. jb

“ Sending my sincere condolences to the Lenz family. I worked with Lynn at Flambeau Hospital and she'd stop at the house to chat on her travel to Antigo. Plus she, Joey and Silas were traditionally the last trick or treaters at my house! )  
May you find comfort in knowing how she touched the lives of all who she cared for in her years in the medical field!❤️
