“ *I met Melissa twice in our lives. She was at a table with two good friends, I was sitting by myself when I was invited over to join them. We enjoyed a good meal and great conversation. When our meal broke up, we decided to have a couple of drinks at the bar. We discussed her service in the US Navy and mine In the Marine Corps. She was telling me about A 1946 Ford she had. I have been restoring cars since I lost my wife of 42 years to pancreatic cancer in 2008. I invited her to come over and see the five cars I had restored. She seemed to enjoy them, which made me feel good. I met her one other time in Lake Tomahawk and we had another real nice evening, just talking about things we had done and seen over the years. I am very sorry for your loss of a great Patriot and Lady. She is some one I will never forget, and someone I believe I could have loved.*
