“ *I am so sorry to hear of Rob's passing. God seems to take the best to soon. I have a million memories as I had so much fun when we dated. He dragged me 15 miles on snowmobile freezing my butt off to check his muskrat traps. He taught me how to hunt partridge. And he always had me out fishing or collecting minnows in the 90 degree heat with the mosquitos chewing me up. He is why I love the woods and spend hours walking them everyday. He loved nature and he gave me a gift passing that love onto me. He was always singing and joking around and I am sure that carried him through the tough times. I know he will be dearly missed and my hugs and prayers go out to all of you.*

“ Dear Michalski Family, I was saddened to hear of Rob’s passing. I went to grade school and high school with Rob, and he was always a nice person. Wishing your Family peace and comfort during this difficult time.

“ I remember Rob on my first day of kindergarten when we were all frightened and wide eyed at this first day of school, especially those of us who were the first kids in our families to go to school. I loved going to St. Anthony's with Rob. He came right after me in alphabetical order and I always liked that. He sat right behind me in Geometry in high school. Rob was one of my favorite friends of all time. I can't wait to see him again. I'm sorry for everyone's pain in his temporary loss but we know he's in a fabulous place and we'll see him again in God's love. Jean Koshak Schieffer
p.s. I will be on a flight to Vermont on August 1st to see my son, daughter-in-law and granddaughter and unable to attend the memorial, which breaks my heart. Know that I will be with you in spirit.
