“ Bowtech Bob, I can't explain how GREAT it is to STILL know you . I would like to quota Kenny Chesney to show our appreciation to you!

*"Not everything is meant to last. You don't think about that when it's perfect. And when it's over there's a huge hole. But there is also a pair of wings. Knowing you wherever you are I know you are happy, you're flying and free and I'm here still grateful, grateful for knowing you."*

“ Bob was someone I will never forget! I worked with him at my very first job back in 1978 (I believe!) he had a great sense of humor and teased us all but most of all himself! I always knew he and Carol would live out their dreams in the northern woods but am very saddened by the news of his passing. WAY TOO YOUNG! Please accept my condolences Carol. Lots of love to you! “ Bob had a large impact in my life about 8 years ago, he helped my brother and I purchase new bows, accessories, and the whole works. I went from liking bow hunting to truly enjoying the sport of archery because Bob taught us a lot about shooting bows and had us shooting better than ever. I will truly miss the 4hr drive up to the shop to get to spend the day up there and share stories etc with Bob while he worked on my bow stuff. He was an incredibly talented person and had a awesome sense of humor.  
My condolences to his family and friends.
