“ Scotty was my high school class mate and one of the few people I knew at the Flambeau Paper Mill when I got hired to work in the finishing room in 79'. Going back to the trimmers after our break one night Scotty walked me passed a girl on our shift sorting paper for one of the other trimmers and asked if I knew anything about her. I said that all I knew was that she had a boyfriend. He said "I gotta ask her out". Later that summer I asked him if he ever got a date with her. Scotty said "Yes I did" and "I think I'm going to ask her to marry me". That was Carol. Scotty was a good person, husband, father, and a good friend. I truly miss him already.
