“ Always had a good time with Tom in and out of school. He was always good for a Jahoo shot whenever near a basketball court.

“ Tom was a colleague during the late 70's and 80's. Tom, you made me laugh at some of your antics outside the classroom, conferences, and educational meetings. You took the pressure off dealing with difficult students and limited facilities, even though sometimes a bit over the edge. Thanks Tom. Steve Japuntich
